### **CT Historical Variable Rate (Connecticut Only):**

In Connecticut, licensed suppliers are required to post the highest and lowest generation service charge rates that were charged to their customers under a variable rate offer (“variable rate”) in each of the preceding twelve months. All Choice Energy NE LLC (“All Choice Energy”) did not charge its Connecticut customers a variable rate in the last 12 months. Therefore, All Choice Energy does not have highest or lowest historical variable rates to provide for the preceding twelve months for Connecticut customers.
